Graduate Govt. College Sector -9
(Gurugram university)   2023 – 2025 year .

Experience

Aril 2024 – November 2024 :

Technical Support Executive : I have a **7 months** of experience as technical support executive at **Orikam Healthcare India PVT. Ltd**. where I used my technical skills to remove bugs from the software named is **Nanopix** . I give my valuable contribution in the Enhancement of the software.

Tech Skills

Languages : Html , CSS , JavaScript , Java , C#

Framework : SpringBoot , React-native (Expo)

Database : MySQL , MongoDB

Projects

1) **LIBRARY MANAGEMENT SYSTEM** include Teck stack like **JAVA** and **MySQL** and used **Jframe** for GUI .

2) **A Food app** for **Restaurant** include Teck stack like **Node.js** , **Express.js** and **MongoDb**. A fully functional management system with **Rest Api** for admin , users , food ordering , food category.

3) **Todo Application** include Teck stack like **React-native** for User interface of the application .This is a small Project

4) **News App** include Tech stack like **React Native [Expo], MMKV** local storage, **News API** and **MongoDB** for dummy database**.** I implemented filter based category search and saved news article functionality in this application and profile section where user can change profile details and more.

5)   **My- Portfolio** include Teck stack like **Next-js** for User interface of the application and to make it dynamic it , I used **MongoDB** and **Email.js** used in the backend. This is the small project to showcase my skills and project.
